

PITTSBURGH'S BEST REMODELING

Our Mission is Customers for Life

For homeowners in Wexford, remodeling a home can be an overwhelming task coordinating multiple contractors, managing timelines, and ensuring quality craftsmanship. Pittsburgh's Best Remodeling eliminates these challenges by offering a comprehensive, one-stop solution for all home improvement needs. From kitchens and bathrooms to basements, flooring, windows, and decks, one call truly does it all.

A Mission Built on Customer Commitment

Founded by Casey Reynolds, a professional with over 40 years of experience in the home improvement industry, Pittsburgh's Best Remodeling was born out of frustration with unreliable contractors. While renovating homes for his real estate business, Reynolds struggled to find professionals who would show up on time,

answer calls, or follow through with commitments. Recognizing that Wexford homeowners faced the same difficulties, he built a company focused on professionalism, dependability, and superior service.

Comprehensive Home Remodeling Services

Pittsburgh's Best Remodeling specializes in:

- Kitchen Remodeling
- Bathroom Remodeling
- Basement Remodeling
- Deck Construction
- Flooring Installation
- Window and Door Replacement

Unlike many contractors, the company never subcontracts its work. Instead, it hires and trains its own in-house team of carpenters and designers, ensuring complete control over quality. This commitment has earned them a 5-star Google rating with over 245 satisfied customers.

A Reputation for Quality and Trust

For over 13 years, Pittsburgh's Best Remodeling has been a trusted name in Wexford, operating from its Monroeville headquarters. Homeowners consistently return for additional projects, confident in the company's ability to deliver exceptional craftsmanship. With an A+ accreditation from the Better Business Bureau and being voted Best Remodeler four years in a row, their reputation speaks for itself.

Hiring the Best to Deliver the Best

A key challenge in the remodeling industry is hiring and retaining top talent. Pittsburgh's Best Remodeling follows a rigorous hiring process, which includes:

- Comprehensive background checks
- Personality assessments
- A three-step interview process
- Intensive onboard training

This approach ensures that the company's team is skilled, professional, and dedicated to excellence. Over 50 video testimonials on their YouTube channel showcase satisfied homeowners raving about their experiences.

Customers for Life

With a 98% customer retention rate, Pittsburgh's Best Remodeling has built long-term relationships with homeowners. Clients who first hire the company for a kitchen remodel often return for bathrooms, basements, flooring, and more. Their commitment to exceeding expectations is what keeps customers coming back.

Educating Homeowners on Choosing the Right Contractor

Pittsburgh's Best Remodeling believes in empowering homeowners with knowledge. Their website features a resource called "15 Questions You Must Ask Any Contractor Before Hiring Them."

Here are five key questions homeowners should ask before starting a remodeling project:

- Do you subcontract your work?
- Do you pull permits?
- Do you carry Workers' Compensation Insurance?
- What steps do you take to protect my home?
